

505 Riverside Drive, Dayton, Ohio 45405

As many of you know we have been doing crock pot cooking trainings in zip codes 45402, 45405, 45406 and 45417 over the last few months. These trainings have grown in numbers of people attending and they are designed to help families learn how to cook healthy meals, stretch their food dollars and involve children in the cooking process.

Around 120 people have attended these trainings so far and we have given out about 100 crock pots to those attending. So far we have been pretty successful in getting donations for crock pots from KitchenAid, UFCW Local 75, IUE-CWA 755, Kroger and other partners. **We are currently working with area employers seeking donations.**

I have been asked by a few folks about doing individual donations or offering to help with crock pot donations. **So if you would like to donate a new crock pot or two we need 6 quart crock pots and they can be dropped off to MVOC at our office 505 Riverside Drive, Dayton, Ohio.** We have rented office space from Miami Valley Fair Housing.

Our next training is on 4/21 at Revival Ministries and we have over 40 people registered.

Thanks in advance for your support
